Chamberlain's Children Center Dedicates Play field in the honor of Mari Davis

Chamberlain's Children Center will conduct a dedication ceremony for the Mari Davis Memorial Park on Thursday, November 19th, at 11 am, at 1850 San Benito Street, Hollister. All members of the public are invited. The park, which is being re-named in Mari Davis's honor, was created through the efforts of the first Leadership San Benito County (SBC) Class as a playground for the children at Chamberlain's Children Center. Dozens of local residents, businesses, and organizations contributed to Leadership SBC's efforts in 2005-06 and transformed an area of dust and weeds into an area where approximately 24 children living at Chamberlain's play softball, run on grass, and swing on swings. "This playground represents the goodwill and community spirit of Hollister residents" Mari proclaimed when the playground was first built. "The Board of Directors is set to honor Mari's spirit by re-naming the playground in her honor," said Nancy Kops, current President of Chamberlain's Board of Directors.

For more information, please contact Robert Freiri, Chamberlain's Executive Director at 831 636-2121 or robert@chamberlaincc.org or Nancy Kops, Board President at ecomom9@yahoo.com or go to our website www.chamberlaincc.org.

Chamberlain's Children Center is a 501(c) (3) nonprofit organization targeting improved social, mental health and educational services for victims of child abuse and/or neglect. Chamberlain's Children Center (or "CCC") currently provides schooling and residential treatment in home-like environments for 24 children. Our facility is licensed by the Division of Community Care Licensing of the State Department of Social Services for Residential Treatment. Our well trained and caring staff provides these children with empathy, comfort and a safe haven. Clinical Staff are available to assist the children in moving through the traumas they have so vividly lived to be emotionally stable and well adjusted.
